

Student Feedback, Analysis and Action Taken Reports on curriculum during the year 2018-19

1-May 2019

On the basis of feedback, taken from the students and reviewed at Department level, a report is hereby submitted to the worthy director and he has given his comments on the action taken report.

Feedback	Analysis of feedback	Action taken on feedback	University response
The feedback of Mechanical Engineering students was rated as very good and excellent, however 1 subject i.e Heat Transfer lab, wherein they asserted that advanced practicals may be two-three should be restructured. So that advances in these courses may be learnt.	The feedback was assessed and found that in true sense, the student has given the feedback, which may prove fruitful for the students w.r.t to knowledge /skills and its utility in the Industry on getting the job opportunity.	The Director arranged to convey the feedback to all the heads of the engineering and laid the emphasis to introduce the advanced practical in their respective Discipline, so that students' hands on training may be strengthened, which will help them while engaging in Industry during service.	NA
The student of Computer Science and Engineering high lightened the curriculum delivery of the subject, HRM. They were of the opinion that this course if taught properly will inculcate the sense of responsibility. It will certainly help in their future life.	The feedback was reviewed and its need for improvement, to make student future bright was realized.	On the basis of feedback, the Director passed on the instructions to all heads of dept, to give due weightage to the course and find a choice of human resource, which can pass on the knowledge up to their satisfaction. He further stressed that the faculty of MBA Department can be taken in this context to teach this course.	NA
